

# CDD – NIPAS & PAMB Management System manuscript:

This will serve as your guide on how to use the Admin page properly.

## Main Page:

On this page, you can explore all the features and functionalities that this website has to offer. These include the **Create Account** option, access to the **PAMB** (Protected Area Management Board), and the **NIPAS** (National Integrated Protected Areas System) Database. Additionally, the platform provides information on all existing user accounts, allowing you to manage and monitor registered users efficiently.

The screenshot shows the Admin interface of the CDD - NIPAS & PAMB Management System. At the top, there's a navigation bar with a logo, the title "CDD - NIPAS & PAMB Management System", the date and time "02:49:29 PM Thursday, May 22, 2025", and a "Log-out" button. Below the navigation bar is a table listing two user accounts:

ID	Name	Email	Actioned
1	OW-JT	123@hotmail.com	<a href="#">Delete</a> <a href="#">Edit</a>
20	admin	admin@denr.com	<a href="#">Delete</a> <a href="#">Edit</a>

At the bottom of the page, there's a footer section with the system name, links to Company (About, Mission, Vision), Community (Official Website), and copyright information ("© 2025 DENR Region 4A").

**This section outlines the capabilities of the admin:**

				Create Account	PAMB Database	NIPAS Database
ID	Name	Email			Actioned	
1	OW-JT	123@hotmail.com			<button>Delete</button> <button>Edit</button>	
20	admin	admin@denr.com			<button>Delete</button> <button>Edit</button>	

### ○ Create Account

## Register

Name

Email

Password

User

By clicking on create account, you will be redirected to a different page where you will have the opportunity to complete the registration process for new users. Please ensure that you provide accurate and complete details during the registration process to avoid any issues.

## ○ Edit

Edit User

Name: OW-JT

Password:

Show Password

**Save changes** **Cancel**

This function has the ability to change passwords to maintain security and ensure proper access control. This also helps the user whenever they forget their passwords so that Admins has the ability to give them a new one.

The admin has access to the PAMB (Protected Area Management Board) and the NIPAS (National Integrated Protected Areas System) Database. They can view data and use the search filter to find specific information. They also have the ability to download individual documents or export all records in PDF and XLSX formats. **\*Note: Before clicking the clear all data button, please ensure that you create a backup by downloading all records and inform the users of the database beforehand.**

### Delete User Account

The Admin has the authority to manage all user accounts within the system, including reviewing and making necessary changes. If required, the Admin can easily and efficiently delete existing accounts to maintain security or perform system maintenance.
