CDD – NIPAS & PAMB Management System manuscript:

This will serve as your guide on how to use the Admin page properly.

Main Page:

On this page, you can explore all the features and functionalities that this website has to offer. These include the **Create Account** option, access to the **PAMB** (Protected Area Management Board), and the **NIPAS** (National Integrated Protected Areas System) Database. Additionally, the platform provides information on all existing user accounts, allowing you to manage and monitor registered users efficiently.

The screenshot shows the Admin interface of the CDD - NIPAS & PAMB Management System. At the top, there is a navigation bar with a logo, the title "CDD - NIPAS & PAMB Management System", the date and time "03:28:40 PM Monday, May 26, 2025", and two buttons: "Download Manuscript" and "Log-out". Below the navigation bar is a user management table. The table has columns for "Name", "Email", and "Actioned". It lists three users: "admin" (Email: admin@denr.com), "HEHE BALIW" (Email: 1234@hotmail.com), and "jeff" (Email: jeff@denr.com). For each user, there are "Delete" and "Edit" buttons in the "Actioned" column. At the bottom of the table, it says "Showing 1 to 3 of 8 entries" and has navigation links "Previous", "1", "2", "3", and "Next".

Name	Email	Actioned
admin	admin@denr.com	<button>Delete</button> <button>Edit</button>
HEHE BALIW	1234@hotmail.com	<button>Delete</button> <button>Edit</button>
jeff	jeff@denr.com	<button>Delete</button> <button>Edit</button>

The screenshot shows the homepage of the CDD - NIPAS & PAMB Management System. The header includes the system name and a navigation menu with "Company", "Community", and "Mission/Vision" sections. The "Company" section has "About" and "Mission" subsections. The "About" section describes the website's purpose of automating the process of making PDF forms for NIPAS and PAMB documents. The "Mission" section states the goal of mobilizing citizens to protect, conserve, and manage the environment and natural resources. The "Community" section links to the "Official Website". At the bottom, there is a copyright notice "© 2025 DENR Region 4A".

CDD - NIPAS & PAMB Management System

Company

About

This website offers DENR CDD employees to help automate the process of making PDF forms for each NIPAS and PAMB documents whilst giving them a proper database where each input can be documented and updated.

Mission

To mobilize our citizenry in protecting, conserving, and managing the environment and natural resources for the present and future generations.

The admin has access to the PAMB (Protected Area Management Board) and the NIPAS (National Integrated Protected Areas System) Database. They can view data and use the search filter to find specific information. They also have the ability to download individual documents or export all records in PDF and XLSX formats. Additionally, in PAMB Database they can view who created each record using the view creator feature, which improves accountability and transparency across all data entries. ***Note: Before clicking the clear all data button, please ensure that you create a backup by downloading all records and inform the users of the database beforehand.**

Delete User Account

The Admin has the authority to manage all user accounts within the system, including reviewing and making necessary changes. If required, the Admin can easily and efficiently delete existing accounts to maintain security or perform system maintenance.

○ XAMPP error (Not starting because XAMPP closed unexpectedly)

Here is a step-by-step way to fix this.

Step 1: Stop the Apache and MySQL on XAMPP control panel.

Step 2: Go to your file explorer and open XAMPP folder and find the folder named “mysql”.

	Name	Date modified	Type	Siz
Home	anonymous	24/03/2025 10:18 am	File folder	
Gallery	apache	24/03/2025 10:18 am	File folder	
OneDrive - Persona	cgi-bin	24/03/2025 10:24 am	File folder	
Desktop	contrib	24/03/2025 10:18 am	File folder	
Downloads	FileZillaFTP	24/03/2025 10:24 am	File folder	
Documents	htdocs	26/05/2025 4:28 pm	File folder	
Pictures	img	24/03/2025 10:18 am	File folder	
Music	install	24/03/2025 10:24 am	File folder	
Videos	licenses	24/03/2025 10:18 am	File folder	
	locale	24/03/2025 10:18 am	File folder	
	mailoutput	24/03/2025 10:18 am	File folder	
	mailtodisk	24/03/2025 10:18 am	File folder	
	MercuryMail	31/03/2025 8:38 am	File folder	
	mysql	23/05/2025 7:05 am	File folder	
	perl	24/03/2025 10:20 am	File folder	
	php	24/03/2025 10:24 am	File folder	
	phpMyAdmin	24/03/2025 10:32 am	File folder	
	sendmail	24/03/2025 10:24 am	File folder	

Step 3: rename the “data” folder into “data_old” and made a new folder called “data”.

Step 4: After this go to your data_old folder and copy the folders and file named clearance_db, mysql, nipas_db, performance_schema, phpMyAdmin, test, users_db, and ibdata1.

	master-version@003a@0020@002710@...	23/05/2025 7:05 am	INFO File	

Step 5: Go to your newly created data folder and paste those files.

Step 6: Click start again on Apache and MySQL on XAMPP and it should work.
